### PROFILE

Frontend Developer with a strong background in React, Redux, HTML, and JavaScript. Experienced in developing scalable web applications and ensuring accessibility standards are met. Known for translating complex requirements into intuitive, interactive interfaces while collaborating closely with cross-functional teams. Dedicated to delivering seamless and engaging user experiences.

### WORK EXPERIENCE

**Cognizant** AUG 2022 - PRESENT  
Frontend Developer

- Developed and maintained dynamic, responsive web applications using React, Redux, JavaScript, and HTML/CSS.
- Implemented features from scratch, ensuring high performance and cross-browser compatibility.
- Collaborated with UX/UI designers to translate wireframes into functional, user-friendly interfaces.
- Enhanced website accessibility to meet WCAG standards, improving usability for all users.
- Improved page performance and load times by implementing Server-Side Rendering (SSR) techniques.
- Worked closely with backend developers to integrate RESTful APIs and streamline data flow.

**Cognizant** JAN 2022 - JUNE 2022  
Frontend Developer Intern

- Developed and styled web components using HTML, CSS, and JavaScript within a React framework.
- Learned version control practices using Git and contributed to team projects via pull requests and code reviews.
- Participated in the debugging process, identifying and fixing frontend issues to improve the user experience.

### EDUCATION

**Bachelor of Engineering (Information Technology)** 2018 - 2022  
D. Y. Patil College of Engineering Akurdi, Pune
